Sprint #2 Plan SlugSearch - TeamHipster 10/21/15

Goal: Redesign and improve on the rough working draft of our app to improve user experience.

User story: As a user I want to write a user manual so that customers can learn how to use the app (8 hrs)

- -Task: Create a set of instructions for how to navigate and use our app for first time users as well as a FAQ section (8 hrs)
- -Team members: Taylor

User story: As a user I want to style the app with CSS elements so the app will look more appealing. (Total 16 hours)

- -Task: Decide and implement a Text Wrap on buttons so they are all the same size (8 hrs)
- -Task: Decide and change background color scheme of all pages in the app (8 hrs)
- -Team members: Kent, Ken(product owner), Bryant

User story: As a user I want to create a description for all the searchable classes so that I can know what a class is about. (Total 8 hours)

- -Task: Display the class description of each class in the accordion list view (8 hrs)
- -Team members: Andy, John

User story: As a user I want to link our app with RateMyProfessor so that I can access how the class has been taught by the professor in the past. (Total 8 hrs)

- -Task: Implement a link that will perform a search on RateMyProfessor given the name of the professor teaching the class (Total 8 hrs)
- -Team members: John, Andy
